

SCRID FACE TO FACE BOARD MEETING

September 23, 2017

1955 S Hunts Ln

San Bernardino, CA 92408

IDP-MAL Report

Kayelle Morgan CSC, SC:L

This report will be brief as I have a new position at my job and have been on an incredible journey as well as quite a steep learning curve. I am also aware many of us are focusing on the upcoming month with so many events!

This week being the International week of the Deaf 2017 (IWD), has brought a flurry of news. This time of year calls for a global movement to raise awareness about human rights of deaf people. It is an initiative of the World Federation of the Deaf (WFD) which was first founded in 1958 in Rome, Italy. I thought this was an interesting bit of news to share.

Future gatherings and retreats:

“Coda Parts Retreat” is this coming weekend in Petaluma (San Francisco Bay). This is a is the fruition of a body of work by Sheila Jacobs that has been coming together over a 25-30 year period. It will delve into three areas within our Coda parts; “Deaf Part, Hearing Part, Coda Part” and where they interconnect, interrupt, and cause us to be in the “Land of In-between.”

“CODA Region V Retreat” will be held October 6 - 8th this year in Prescott, AZ.

Accommodating Ideas, a Deaf Parented Interpreter owned business is celebrating 25 years of service to the Los Angeles community at large and beyond next month.

I spoke with the Deaf Parented Interpreter (DPI) Special Interest Committee Representative Wanette Reynolds and she is asking for time for a Coda picture time and space for the CODA's to get together afterwards. I am forwarded this inquiry to the Jubilee Committee.
